

Pregnancy, Parenting and Depression Resource List

House Bill 341 Compliance

The Texas Legislature passed HB 341, Parenting and Postpartum Counseling Information, in the 78th Regular Legislative Session (2003). **This law, effective Sept. 1, 2003, requires physicians, midwives, hospitals and birthing centers who provide prenatal care to a pregnant woman during gestation or at delivery to provide the woman with a current resource list of professional organizations that provide postpartum counseling and assistance to parents. The list is maintained by the Texas Department of Health (TDH), and can be obtained at the following website address:**

<http://www.tdh.state.tx.us/mch/depression.htm>

In addition, it must be documented in the client's chart that she received this information and the documentation must be retained for a minimum of three years. **It is recommended that the information be given twice, once at the first prenatal visit and again after delivery.** For more information on HB 341 or postpartum depression, please contact Chan McDermott, Perinatal Health Program, at 512-458-7796 or chan.mcdermott@tdh.state.tx.us.

This list contains the names and addresses of professional organizations that can help you find a local resource that meets your needs. There are also some toll-free assistance phone lines. The list will be updated regularly. If you do not see an organization on this list that you feel comfortable contacting, we encourage you to check with your health care provider or a clergy member as he or she may be able to give you some ideas as well.
